12th June 2017

Dear Parents/carers,

We are very pleased to inform you that we are currently in discussion with Derby City Council regarding proposals to create 550 additional pupil places at Murray Park School. In the coming weeks we will be sending you details of the consultation process which has to take place before the expansion of any school. We will also be sharing with you the proposals for a new building on the school site.

The growth of the school is necessary to cater for rising pupil numbers. Governors support this important and exciting project which will provide greater opportunities for our students and much improved facilities.

Yours sincerely,

Miss R Somes

Acting Headteacher
